SMS UI Modules

School Management System, 37 modules

Academics & Teaching		
1	**Academics**	Manage classes, sections, subjects and academic years.
2	**Lesson & Portions**	Syllabus, lesson plans, teaching progress, exam portions and approvals.
3	**Timetable**	Build and view class and teacher timetables.
4	**Homework**	Teachers assign homework and students view and submit it.
5	**Study Materials**	Share notes, documents and learning resources with classes.
6	**Examinations**	Schedule exams, enter marks and publish results.
7	**Online Exams**	Create and run online tests, with evaluation, results and reports.
8	**Certificates**	Generate and issue student certificates.
Students & Staff		
9	**Students**	Student records, admissions and profiles.
10	**Teachers**	Teacher records, profiles and assignments.
11	**Staff**	Non-teaching staff records and profiles.
12	**Attendance**	Daily student and staff attendance, with range reports.
13	**Payroll**	Staff salary processing and payslips.
14	**Talents**	Students share their talents, with discovery, review and a school showcase.
15	**Extra-Curricular**	Activities, groups, enrollments, events, schedules and achievements.
16	**Health & Medical**	Student health records and medical information.
Finance		
17	**Fees**	Fee structures, collection, receipts and overdue tracking.
18	**Accounting**	Income, expenses and the school ledger.
19	**Inventory**	Track school assets, stock and supplies.

Campus Services		
20	**Transport**	Bus routes, vehicles and student transport allocation.
21	**Hostel**	Hostel rooms, allocation and residents.
22	**Library**	Book catalog, issue and return.
23	**Visitors**	Visitor check-in, check-out and the visitor log.
24	**Calendar**	School events, holidays and the academic calendar.
25	**Meetings**	Schedule meetings, with a calendar view, meeting room and reports.
Communication & Engagement		
26	**Communication**	Send announcements and messages to students, parents and staff.
27	**Notifications**	A notification center for in-app alerts.
28	**Surveys & Feedback**	Create surveys and collect feedback.
29	**Help Desk**	Raise and track support tickets.
30	**Parent Portal**	Parents see their child's attendance, fees, homework and progress.
31	**Marketing**	The public landing page.
Office & Security		
32	**Office Portal**	Internal office console with billing, invoices, monitoring and audit logs.
33	**Tenant**	Detects which school the app is serving and shows a page when the school isn't found.
34	**Authentication**	Login, forgot or reset password, forced password change and security settings.
35	**Settings**	School and app settings.
Insights & Support		
36	**Dashboard**	Overview with summary tabs for each area.
37	**Reports**	Reports across the modules.
38	**Help Center**	In-app guides by module and role.
39	**AI Features**	AI-powered tools and Ask AI.
40	**Attachments**	Shared file upload and attachment handling used by other modules.
